

## All-Rounder Back Care : SD6 for 24-7 Use

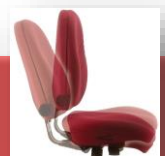

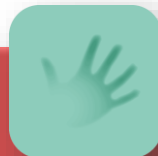

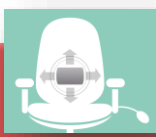

NSSD6

The **SD6** comes in one of two versions; with more (NSSD6) or less (SD6) pelvic support. Both has 3-way adjustable lumbar, and thoracic pump, memory foam seat & back. It can be specified with or without headrest, optional coccyx relief cut out and new FA6 6 way adjustable foldaway arms. Both can be made to measure too.

SD6

### Other ergonomic benefits include:

- **6-way adjustable forward tilting mechanism** with infinite seat and back lock which can adjust: seat tilt, depth, height, tension (weight) control, backrest height (ratchet) and tilt
- **5 or 6-way adjustable arms:** one for height, one for forward and back, one for locking swivel, 2 width, foldaway as well as optional upholstered arm pads
- **3 year guarantee for use** by up to 150kg/23.5 stone users in 24/7 situations
- **Other seat sizes and arms available** on request
