

P range

Price-conscious seating

The **P range** provides a compact range of operator, task seating with price in mind. Selecting the seating is a simple case of choosing no arms or a ring or a height adjustable arm; the functionality remains the same and meets the minimum VDU requirement in the workplace.

We haven't compromised on this UK manufactured chair; we still use the FIRA tested mechanical parts and it's guaranteed for 3 years; reduced to 1 year for 24/7 use. We have made savings by reducing the options available, and by using cut foams as opposed to moulded (cold cure) foams.

If you are looking for value for money and one of our UNI Bundles or Bespoke chairs does not meet your needs, then enquire about one of the **P range**.
